

While there have been many benefits to living in the Bay of Islands, one of those we will miss the most is access to Richard and Diana's art tuition for our children Anna and Oliver.

The guidance they have given them over the past three years has led to an enduring love of drawing and an ability to express themselves visually which they enjoy daily.

Under the Moore's empathetic and nurturing direction our children have developed their enthusiasm for drawing into competent and expressive young artists.

It is our hope that by some good fortune their services will follow us South as Auckland has lured us away for work.

We wish Richard and Diana the very best for the future, and thank them again for all they have done for Anna and Oliver.

Kindest regards,

Paul and Helen Denny.
